In this film 'Karmegam Tamil' is about a boy named Ram. Ram is a good kid who knows all the religious scriptures by heart and he adores his guru. Ram becomes a student of his guru as well and they both learn many things together until one day, something happens to Guruji. It's not just any day—it's the day Guruji gets married to another woman and moves out of town forever with her. The day he leaves, he gives Ram a compass and says that if Ram follows it, it will lead him to his (Guruji's) heart. Now alone, Ram becomes confused about what to do with his life because Guruji is not there any more to guide him. But soon, he finds the answer by listening to the stories of people around him. He comes across an old couple who tell him their story for which they have been separated all their lives due to some misunderstanding. He also meets a man who suffers from leprosy but thanks to the medicine given by his doctor, he is now able to live life normally without being judged by others. After listening to all these stories, Ram finally realizes that he has to take responsibility for his life and find out what his heart truly desires.
